Bayesian Methods For Statistical Disclosure Control In Microdata

by Fang Liu

Multiple and Probabilistic Swapping of Categorical Keys for . 1 Mar 2015 . "Comparing SDC Methods for Microdata on the Basis of Information Loss and "A Survey on Statistical Disclosure Control and Microaggregation Techniques for "A Bayesian Method for Classification and Discrimination. Bayesian methods for statistical disclosure control in microdata . ?A Bayesian Strategy for Matching Population and Sample . Before moving on to disclosure control methods and risk measures it would be sensible to In SDC there is usually a distinction made between microdata and aggregate data. Record level measures of disclosure risk for survey microdata 1 Disclosure Risk Assessment for Survey Microdata Trivellore . Statistical Disclosure Control, Microdata, Software Development, R. searchers can build and try out their methods using these synthetic data. Only in .. is accounted for in a Bayesian fashion by assuming that the population frequency given. Disclosure Limitation - Roderick Little Statistical disclosure control (SDC) techniques can be defined as the set of methods to reduce the risk of disclosing . type of outputs, e.g. micro-data, magnitude or frequency tables. .. simulation, in: Bayesian Methods With. Applications to Statistical Disclosure Limitation: an Overview of Issues and . Data confidentiality: A review of methods for statistical disclosure limitation and . ever increasing demand from researchers for access to useful microdata files. disclosure control and techniques for assessing the privacy of such methods .. Statistical Science, 2013; Bayesian nonparametric disclosure risk estimation via Statistical disclosure limitation (SDL) refers to the problem and methods for thwarting . and disclosure control in recognition of the fact that the release of statistical data Fuller (1993) assess the vulnerability of masked microdata to attack.

1 Statistical Disclosure Control for Survey Data Chris Skinner . - LSE Dissertation Topic: "Bayesian Methods for Statistical Disclosure Control in Microdata". • Advisor: Roderick J.A. Little. M.S., Statistics, Iowa State University, Ames, STATISTICAL NOTIONS OF DATA DISCLOSURE . - Census.gov used to assess the risk of disclosure, limited investigations have been reported in the . "Bayesian Methods for Statistical Disclosure Control in Microdata.". Information Hiding: Third International Workshop, IH 99, Dresden, . - Google Books Result Statistical Disclosure Limitation in Microdata. Fang Liu Statistical disclosure limitation (SDL) methods aim to protect the privacy gorical keys (MaPS) is a Bayesian model-based, par- control on the loss of raw information, which could re-. Applied Bayesian Modeling and Causal Inference from . - Google Books Result National statistical institutes routinely apply imputation methods based on . However, disclosure limitation of business microdata is Franconi and Stander [9] who suggested a hierarchical model in a Bayesian .. [5] T. Dalenius and S.P. Reiss, Data-swapping: a technique for disclosure control, Journal of Statistical ?Statistical Disclosure Risk: An Overview Statistical disclosure control refers to the methodology used in the design of . the survey microdata available so that users can carry out the statistical Samuels, S.M. (1998) A Bayesian species-sampling-inspired approach to the uniques. The Hybrid Synthetic Microdata Platform: A Method for Statistical . 24 Sep 2008 . Matthias Templ, Statistical Disclosure Control for Microdata Using the . but uncontrolled, rounding can be assessed by Bayesian methods. ASPECTS OF STATISTICAL DISCLOSURE CONTROL A thesis . Inference Control in Statistical Databases, New York: Springer, . Torra, V. (2001) A Quantitative Comparison of Disclosure Control Methods for Microdata in and Sanil, A. P., (1997), "A Bayesian Approach to Data Disclosure: Optimal Intruder. WP. 1 ENGLISH ONLY 3 November 2005 UNITED - unece In "Applied Bayesian Modeling and Causal Inference from Incomplete-Data Perspectives", . Multiple Imputation and Statistical Disclosure Control in Microdata. 6. Reiter, J. P. - Department of Statistical Science - Duke University Experiences on model based disclosure limitation1,2 - Research Microdata Confidentiality References william.e.winkler@census.gov Publication » Bayesian methods for statistical disclosure control in microdata. Statistical Disclosure Control for Microdata Using the R-Package . Similar Items. A higher-order moment model for multiport circuits / By: Liu, Fang-Jou Published: (1999); A layout-driven timing model for precise timing analysis Data confidentiality: A review of methods for statistical disclosure . This methodology enables Bayesian analysis of . Microdata are files that consist of individual records that contain values of variables for a single person, a population on a given key (Glossary of statistical disclosure control, 2005). Bayesian methods for large scale small area estimation (SAE) Early detection of rare events for supply chain security. - swdsi Title: Statistical Approaches to Protecting Confidentiality for Microdata and Their Effects on the . Running head: Disclosure Control and Data Quality kernel density regressions (Woodcock and Benedetto 2009), Bayesian networks (Young, Disclosure Control Methods and Information Loss for Microdata 3 Nov 2005 . Joint UNECE/Eurostat work session on statistical data confidentiality. (Geneva University of Southampton - Bayesian methods for disclosure risk assessment. WP.12 New Zealand - A microdata for research sample from a New Zealand census . Topic (vi): Software for statistical disclosure control. Table of contents data swapping or cell suppression before preparing micro-data or tables for release. disclosure avoidance and more general statistical methodology, beginning with the .. 1992), or a Bayesian approach based on the mixture of Dirichlet processes

(e.g., see .. Suppression methodology and statistical disclosure control. Bayesian methods for statistical disclosure control in microdata. An often applied procedure in the statistical disclosure control of microdata sets is to prescribe a minimum . Examples of such techniques are combining values of identifying variables .. If $m\ddagger j$ is estimated by S_{ij} the empirical Bayes estimator. Bayesian methods in statistical disclosure limitation. I chose to closure protection and disclosure control in recognition of the fact that the release of Microdata files are typically created by sampling larger (in some cases, population) files. Keywords: confidentiality, disclosure risk, contingency tables, microdata. 1. release. Protection via suitable disclosure limitation techniques that preserve the utility . of possible negativity of empirical Bayes estimates of the lognormal variance. . disclosure control, Journal of the Royal Statistical Society, A, 170, 923–940. Synthetic and Combined Estimators in Statistical Disclosure Control Statistical disclosure control (SDC) seeks to modify statistical data so that they . for microdata are usually known as masking methods, of which there is a wide. Towards a Bayesian Perspective on Statistical Disclosure Limitation CV - University of Notre Dame Existing methods for Statistical Disclosure Control attempt to find a balance between . Synthetic data then constitute independent draws from the Bayesian Towards a Bayesian Perspective on Statistical Disclosure . - CiteSeer the approaches to a sample of microdata from the U.K. General Household Survey. The results indicate of potential uses in statistical disclosure control for microdata. Bayesian perspective and if uncertainty about ? can be represented in. Robust Statistics Meets SDC: New Disclosure . - ACM Digital Library 11 Nov 2005 . New developments in the Danish system for access to micro data . Bayesian methods for disclosure risk assessment . Assessment of statistical disclosure control methods for the 2001 UK Census 141. Statistical Disclosure Limitation in the Presence of Edit Rules . The Statistics Group at Plymouth specialises in Bayesian modelling methods, with . disclosure control methods gives us a strong understanding of the sources and . Stander [3] and subsequent work in the area of model-based micro-data
