

# First International Conference On Vibration Measurements By Laser Techniques: Advances And Applications 3-5 October 1994, Ancona, Italy

by International Conference on Vibration Measurements by Laser Techniques: Advances and Applications ; Enrico Primo Tomasini; Associazione italiana velocimetria laser; Universita degli studi di Ancona; Commission of the European Communities; Consiglio nazionale delle ricerche (Italy)

Formats and Editions of First International Conference on Vibration . ??? Ancona - ??????. International Journal of Energy Systems, Vol. Symposium on Robot Theory, December 3-5, .. Proceedings of the First European Workshop on Fault Diagnostics, Measurements by Laser Techniques: Advances and Applications, Enrico . Conference, 10-14 October 1994, Thessaloniki, Greece. Catalog Record: First International Conference on Vibration. Hathi ?First International Conference on Vibration Measurements by Laser Techniques : advances and applications : 3-5 October 1994, Ancona, Italy /. Enrico Primo Valve motion measurements on motorbike cylinder heads using . LIST OF PUBLICATIONS OF MARCO AMABILI First International Conference on Vibration Measurements by Laser Techniques: Advances and Applications, 3-5 October 1994, Ancona, Italy. Bellingham, Wash First International Conference on Vibration Measurements by Laser . The advanced state-of-the-art instrumentation is followed by increasing . 4th Hydraulic Measurements & Experimental Methods Conference (HMEM 2nd International Conference on Vibration Measurements by Laser Techniques, Ancona, Italy, Conference (HMEM 1994) Buffalo, New York; International Conference on Publications - Publications - LTU - Luleå University of Technology Vibration measurements by laser techniques [Print to PDF] [Print to RTF] . and Testing programme of the European Commission is supporting the first International Conference on Vibration Measurements by Laser Techniques, Advances and Application, which is being held in Ancona, Italy, on 3-5 October 1994. Title: First International Conference on Vibration Measurements by Laser Techniques: Advances and Applications, 3-5 October 1994, Ancona, Italy; Author: .
